

# Monty Tech Online Conference Scheduling

## Directions for Parents

Dear Monty Tech Parent/Guardian,

Once again, with a goal of allowing parents greater flexibility in scheduling conferences with their student's instructors, we will utilize our online scheduler, Pick-a-Time. If you have registered before and are familiar with the process, your password from last year should still be active and you can sign right in to the system. Please keep in mind that we no longer designate our conference days for specific graduating classes. This means that parents are free to choose whichever day – November 16<sup>th</sup> or 21<sup>st</sup> - for their conferences. Still, we urge all families to schedule their conferences as soon as possible because, due to the ease of our online system, teachers' schedules will fill up quickly.

Please note that conferences occur every ten minutes from Noon until 1:30pm and then 5:00-8:00pm on each conference day. Parents are only allowed to schedule one conference per teacher.

- A. When you open the schedule page, each colored square represents an available meeting time. We hold two sessions on each day – A daytime session from Noon-1:30pm and an evening session from 5:00-8:00pm. Each conference lasts ten minutes. The legend to the left of the time schedule shows you which teacher corresponds to which color, and the times increase as you go down the page. (**Note:** you will only see the set of teachers that your children have classes with.)
- B. **You can then click on any colored square to book that time.** (Note – This is a first come, first served system so any time slot that is black has already been reserved by another parent. We cannot guarantee that your schedule will allow consecutive appointments.)

- C. After you click on your desired time, you will optionally have the choice of setting a time when you would like a reminder email delivered.
